

## MARKET RESEARCH- REQUEST FOR INFORMATION.

### **\*NO SOLICITATION EXISTS\***

This advertisement serves to aid in determining market interest and capabilities for this prospective requirement.

This is a for Market Research purposes **ONLY**. This information will be used to determine the availability of vendors capable of meeting the Government's minimum requirements and the availability of small businesses capable of providing this requirement in its entirety, small businesses capable of serving as an alternative for this requirement, and small businesses that can provide any billable portion of this requirement. Potential sources must identify their business type (i.e., small business, large business, small disadvantaged business, 8(a) certified business, woman-owned business, etc).

The NAVSUP Fleet Logistics Center Jacksonville, Florida (FLCJ) is conducting a market survey to determine the availability of vendors capable of providing Training Support Services to support international customers on their transition to the T-34C Mentor trainer aircraft. The U.S. Navy AIR-1.4 Jacksonville Foreign Military Sales (FMS) provides program management, logistics, and engineering support for the T-34C Mentor aircraft abroad. With these areas falls responsibility of providing training support for the T-34C platform. Contract support is required to provide training support services.

The Contractor shall develop course curriculum and provide training for the areas identified in the Performance Work Statement (PWS), conduct one training session for each of the training areas as described in the PWS during the anticipated period of performance, provide the required facilities, furniture, equipment and materials with which to conduct the training, provide a Certificate of Completion to each attendee/student upon successfully completing the applicable training course, and ensure all training is conducted in a classroom environment. Simulation capabilities are desired but are not a requirement.

It is anticipated that any resulting solicitation will be for a firm-fixed-price contract. The NAICS code for this requirement is 611512 and size standard of \$27.5M

Vendors interested in responding to this sources sought synopsis shall provide a technical capabilities statement.

The technical capabilities statement should include the following information:

- a) The company's ability to provide the required services
- b) Company's name, address, CAGE code, and DUNS number
- c) NAICS code, business size/socio-economic status

- d) Years in business, affiliate information, parent company, joint venture partners (if applicable)
- e) All current GSA/VA scheduled contracts
- f) Government business point-of-contact name, phone number, and e-mail address

The technical capabilities statement provided in response to this Sources Sought Notice is **NOT** to be considered a response to Request for Proposal (RFP) or Request for Quote (RFQ) in that no RFP/RFQ exists at this time. Responses to this notice are not offers and cannot be accepted by the Government to form a binding contract. Responses will not restrict the Government to a particular acquisition approach or be construed as a commitment by the Government. The Government will not pay for the information requested herein. Evaluation results will not be provided to contractors responding to this synopsis. No phone calls will be accepted.

### **Performance Work Statement**
